1) Paid-In Capital includes management fees, partnership expenses and all other miscellaneous fees charged to the partnership (both inside and outside of commitment) and is netted against recallable distributions.

2) Adjusted Reported Value: Represents reported value as most recently reported by the General Partners, adjusted for net contribution and distribution activity.

3) Net IRR: Represents the Net IRR of the underlying partnership, but is gross of fees charged by Portfolio Advisors or past investment consultants.

4) Return Multiple: (Cumulative Distributions + Adjusted Reported Value) / Cumulative Contributions (including fees outside of commitment).

5) LACERS' Aggregate Portfolio IRR is 11.1%.
