**SUBJECT: SEMI-ANNUAL REPORT OF BUSINESS PLAN INITIATIVES FOR THE PERIOD
ENDING DECEMBER 31, 2024**

ACTION: CLOSED: CONSENT: RECEIVE & FILE:

Recommendation

That the Board receive and file this report.

Executive Summary

This semi-annual report of the business plan initiatives (BPIs) for Fiscal Year 2024-25 (FY25) presents progress on six priority initiatives during the reporting period from July to December 2024, with three continuing initiatives and three new initiatives.

Discussion

The Governance BPI continues with the Triennial Board Policy Review and is focused on completing the review of the remaining Board Administrative policies, including a rewrite of the Board Education and Travel Policy. Afterward, new policies as recommended by the Management Audit will be brought to the Board for consideration.

The Language Access Plan (LAP) BPI is making significant progress in enhancing language accessibility of benefits related information to LACERS Members. This includes translating the most frequently used forms into Spanish, establishing a dedicated LACERS LAP email address, and providing interpretation services in Spanish. Additionally, the development of a LACERS LAP Request monitoring board will help track the frequency and types of interpretation and translation services, along with associated costs for budgeting purposes.

Preparing LACERS staff in event of emergencies will be addressed through the Business Continuity Plan BPI, which consists of a series of various tabletop exercises designed to evaluate the resiliency of our disaster plans. While there have been some delays in the contracting process, LACERS has established a benchmark for Tabletop Exercise Consulting Services vendors and is preparing a Task Order Solicitation of services for the first tabletop exercise, which will focus on the Shelter-in-Place training.

LACERS is always exploring opportunities to enhance customer experience with one such effort the

QLess BPI, which seeks to replace the current bookings application for a more streamlined queue management system. An internal project team has been created for requirements gathering and has begun working on configuring the necessary integrations for the QLess system to meet operational needs. The anticipated launch date for this project is March 2025.

The Central Data Repository (CDR) Modernization had been in development throughout FY24 and is now officially incorporated as part of a BPI. Though delayed by the City Human Resources and Payroll system implementation, the Data Team, Systems Team, and the Chief Information Officer have come together to assess existing environments and evaluate the migration of data to a centralized cloud-based platform. Further data integrity and validation will need to be conducted once the migration has been completed before downstream data processes can be created to enable efficient data management and operations.

In the last fiscal year, the City Human Resources and Payroll (HRP) System Implementation BPI focused on parallel testing and the integration files, which handles inbound Member information and outbound deductions and service contracts. This process encountered numerous payroll errors and various other concerns before the system went live June 16, 2024. Despite the Board's support in adding extra resources totaling up to \$861,000 for external consulting services and establishing a dedicated testing environment, there are persistent issues remaining to be resolved, as well as new issues being created as the City continues to work through Phase 2 and get all current Memorandum of Understanding (MOU) requirements established in Workday. Since June, the HRP integration has seen steady improvement with fewer issues after each major update. Following is a breakdown of invoices to date totaling \$756,360 paid by or pending LACERS under the Information Technology Agency's agreement with Workday:

- WD-348485 \$31,360.00 Implement HRP Deployment/Testing Tenant from 8/1/24 to 11/30/24
- WD-349407 \$116,000.00 Staff Augmentation (2 FTE) - Training/Reports and Integration Support for July 2024
- WD-353936 \$116,000.00 Staff Augmentation (2 FTE) - Training/Reports and Integration Support for August 2024
- WD- 358106 \$116,000.00 Staff Augmentation (2 FTE) - Training/Reports and Integration Support for September 2024
- WD-362211 \$58,000 Staff Augmentation (1 FTE) - Training/Reports Support for October 2024
- WD-362212 \$58,000 Staff Augmentation (1 FTE) - Integration Support for October 2024
- WD-366650 \$29,000 Staff Augmentation (½ FTE) - Integration Support for November 2024
- WD-370707 \$58,000 Staff Augmentation (1 FTE) - Integration Support for December 2024
- Workday \$58,000 Staff Augmentation (1 FTE) - Integration Support for January 2025
- Workday \$58,000 Staff Augmentation (1 FTE) - Integration Support for February 2025
- Workday \$58,000 Staff Augmentation (1 FTE) - Integration Support for March 2025

The last planned major update made to the inbound payroll file from Workday earlier this month reincorporates a detailed retroactive pay period record, as well as addressing how Workday reports the most recently implemented compensation plans. Development of this Pay Period Adjustment record required testing numerous scenarios over multiple pay periods and will significantly improve the efficiency of the inbound transmittal process, reduce manual work for staff, and is the remaining major milestone in the development of this transmittal file (INT046). It is expected that the City will continue to make updates in Workday which will require small adjustments in this inbound file until

Phase 2 is completed, but discussions are underway to look for longer term, automated solutions.

Following are some of the significant tickets resolved by the contractor affecting INT046:

1. INC0739701 – Bilingual Bonus
2. INC0739372 – Survey License Bonus
3. INC0739386 – Self Insurance Bonus
4. INC0739418 – Watch Commander (WQ) TS Bonus
5. INC0739430 – Daily Acting Pay (U2) TS Bonus

9. INC0739803 – Compensation Effective Dt vs Initiated Dt
10. INC0739822 – Overcalculated Units Worked (unpaid hours)
11. INC0750342 – MCDC/VCDC Bonus for \$200 bi-weekly
12. INC0750348 – Contract#5 not showing up in INT046
13. INC0739418 – Watch Commander (WQ) TS Bonus, 80 hours of pay in transmittal
14. INC0748926 – 2.75% Bilingual Bonus Hourly, 80 hours pay passed in transmittal
15. INC0739456 – Base Rate Bonus
16. INC0766626 – Correct WQ TS bonus inaccurately awarded, Include flat rate CASp bonus
17. INC0766627 – Include contracts in 2549 record when retro, roll up amounts by Contract# and pay period
18. INC0758867 - Including all LACERS deduction information via the INT046 file such that certain Retired/Terminated members are not excluded. Additionally, there has been work done to fix bonus amounts which started coming across incorrectly/differently due to previous changes
19. INC0782696 - Newly activated bonus codes NA and C0
20. INC0742801 - Ticket for LACERS Entry Date
21. INC0776952 – INT046 Failure (Delay in receiving file for 1 week)
22. INC0759416 – On demand and Regular >> reporting twice for SPC payments for both 2544 and 2549
23. INC0760426 – "ABS - FURLOUGH/UNPAID HOLIDAY - HOURLY/SALARIED - GN" - another code with overcalculated units worked
24. INC0739440 – INT046 Transmittal Integration File - Duplicated SPC Payments
25. INC0739372 – Details: "ATP - Field Engineering Aide or Surveying Assistance - Prof Land Surveyor License - Biweekly - L9" is a \$200 bonus that is not being included in the Pensionable Base calculations and is pensionable
26. INC0620277 – Details: LACERS requests that a LACERS Certification Date and the related comments fields be added onto the INT046 integration file for consumption in the pension system
27. INC0758630 – 2547 records
28. INC0762863 – Making the INT046 file more efficient, halving the run time from 4 to 2 hours

Going forward, most development work is expected to be focused on outbound integration files into HRP; INT093 for Excess Benefits and INT123 for Pay Inputs such as for Service Purchases and the Family Death Benefits Plan. Testing these files is challenging due to the refresh cycles of testing environments and the need for specific data and process states to be in place for proper testing. Along with the challenges above, the inter-departmental coordination required can pose a challenge for time-sensitive tasks, though LACERS has implemented aggressive internal deadlines to

accommodate for any potential delays. Long-term integrations support is designated to be provided by the City Information Technology Agency (ITA); however, LACERS is still discussing what to expect going forward and whether additional resources should be considered.

The following provides a brief snapshot of each BPI. See Attachment for a detailed dashboard view of each BPI.

KEY METRICS

Total Exceptions per Pay Period Transmittal

PROGRESS

- Improvements have been made to the INT046 file and to the Pension Administration System to adjust to the change from PaySr to Workday.
- This has significantly brought down the number of exceptions since go-live. An update/refresh is needed for the INT123 File to incorporate cancellations and or updates to elected amount(s). INT093 file is being generated to correct issues with the ROTL population.

CHALLENGES

- Challenges include vigorous testing that is required to ensure changes do not have a negative impact on other areas.
- Additionally, inter-departmental coordination is needed and timing can be longer than expected.

KEY METRICS

Performance

Measure the scalability and storage performance through disk space efficiency and concurrent use

Security and Compliance

Completeness of technical documentation for developed applications

Data Integrity and Accuracy

Data is consistent across sources and data corruption incidents are measured

Integration

Integration into the five business critical databases in use at LACERS

****Percent completion of the above categories will be completed upon an operational audit in FY 25/26**

PROGRESS

- The Data Team partnered with the Chief Information Officer to showcase how the Central Repository can improve efficiency and productivity in retiree benefits. We will prioritize discussions regarding the decommissioning of existing SharePoint sites and the transition to a more robust cloud platform.

CHALLENGES

- The increasing adoption of cloud environments introduces significant data security risks. A critical gap in comprehensive knowledge of managing these risks can hinder security initiatives and even deter application deployments.
- Ongoing defects in the Workday application continue to prevent accurate data loading into our Central Repository.

REPORT TO BOARD OF ADMINISTRATION

MEETING: FEBRUARY 25, 2025
ITEM: VI-A

SUBJECT: COST-OF-LIVING ADJUSTMENT FOR JULY 2025 AND POSSIBLE BOARD ACTION

ACTION: CLOSED: CONSENT: RECEIVE & FILE:

Recommendation

That the Board:

1. Adopt a 3% cost-of-living-adjustment with excess 0.3% banked for Tier 1 and Tier 1 Enhanced Members, and a 2% cost-of-living adjustment for Tier 3 Members, as detailed in the attached schedule prepared by LACERS' consulting actuary, to be effective July 1, 2025; and,
2. Authorize the Board President to sign and transmit a letter to the Los Angeles City Council ("Council") requesting consideration of granting a 2.6% discretionary cost-of-living adjustment increase for retired Members.

Executive Summary

On July 1 of each year, eligible retired Members and beneficiaries may receive a cost-of-living adjustment (COLA) to their benefits in accordance with the Los Angeles Administrative Code (LAAC). The COLA is based on the average annual percentage change in the Consumer Price Index (CPI) for the Los Angeles area for the previous calendar year and is subject to the limitations in the LAAC § 4.1022 for Tier 1 and § 4.1080.17 for Tier 3. According to the Federal Bureau of Labor Statistics, the annual average CPI for Los Angeles area increased 3.3% in 2024. However, due to LAAC limitations, Tier 1 and Tier 1 Enhanced will receive 3% COLA with excess 0.3% banked, while Tier 3 will receive 2% COLA with no bank effective July 1, 2025.

If the Council finds that the COLA is inadequate "in light of the movement of the [CPI], [Council] may grant [an] additional, but discretionary cost of living adjustment," which based on ordinance would be an additional 2.6%.

Discussion

In any given year, Tier 1 and Tier 1 Enhanced Members are eligible for a maximum increase of 3% COLA (LAAC § 4.1022 for Tier 1). In addition, Tier 1 and Tier 1 Enhanced participants are entitled to receive and accumulate the excess (known as "Excess COLA") whenever the CPI change is greater than the maximum limit of 3% in any year. Based on the 3.3% CPI increase for 2024, Tier 1 and Tier 1

Enhanced participants will receive the maximum 3% increase, with the remaining excess COLA of 0.3% (i.e., 3.3%-3.0%) banked for future use. Since Tier 3 COLA benefit is capped at 2.0% (LAAC § 4.1080.17) and there is no banked benefit, Tier 3 participants will receive 2% COLA effective July 1, 2025.

The COLA benefits effective July 1, 2025 are summarized in the table below, and are further detailed in the attached letter from LACERS' consulting actuary.

Membership	Initial Retirement Date	COLA Limitation (LAAC § 4.1022 & § 4.1080.17)	COLA Effective July 1, 2025
Tier 1 and Tier 1 Enhanced participants and beneficiaries	On or before July 1, 2024	<ul style="list-style-type: none"> • 3.0% maximum increase • Excess COLA will be banked (i.e., added to existing accumulated COLA balance, see attached schedule). 	3%
Tier 1 and Tier 1 Enhanced participants and beneficiaries with less than one full year of retirement	July 2, 2024 to June 30, 2025	<ul style="list-style-type: none"> • Prorated COLA increase of 1/12th for each full month of retirement • Excess will not be banked for less than one full year of retirement 	1/12th of 3.0% each full month retired
Tier 3 participants and beneficiaries	On or before July 1, 2024	<ul style="list-style-type: none"> • 2% maximum increase • No COLA Bank 	2%
Tier 3 participants and beneficiaries with less than one full year of retirement	July 2, 2024 to June 30, 2025	<ul style="list-style-type: none"> • Prorated COLA increase of 1/12th for each full month of retirement • No COLA Bank 	1/12th of 2.0% each full month retired

Discretionary COLA

On April 14, 2023, the Board sent a letter to the Mayor and Council requesting that the City grant LACERS Members and their Beneficiaries a discretionary COLA of an additional 2.6% in addition to the granted 3.0% COLA. Having been no formal action taken on this request, a subsequent request was sent to the Council on May 15, 2024 reflecting an updated discretionary COLA calculation of 2.85% on top of the granted 3.0% COLA. No formal action has been taken on this request. These requests were intended to assist those on fixed income by addressing the past three years of excess increase in the Consumer Price Index. It is recommended that the Board send another request to Council for consideration of a discretionary COLA of 2.6%.

Council has the authority to determine the adequacy of COLAs and may grant an additional but discretionary COLA for Tier 1 and Tier 3 in accordance with LAAC § 4.1023 and LAAC § 4.1080.17(c), respectively. Members, especially those who have been retired for longer periods of time, can

experience significantly diminished buying power in high inflation environments. Council has previously provided three discretionary adjustments: 7.00% in 1982, 1.25% in 1986, and 1.60% in 1989 (Council File No. 99-1158). In 2002, Council granted a discretionary COLA for Members with a retirement date before June 30, 1984 (Council File No. 01-2343). The purpose of this one-time COLA was to reduce all excess COLA banks to no more than 25.3% (Ordinance No. 174419). Any banked amount that exceeded 25.3% was paid to Members. Although this method of applying the discretionary COLA is not as currently prescribed by City Code, Council has discretion in determining how a discretionary COLA is awarded as it is enacted through adoption of an ordinance. Since 2002, Council has not granted any discretionary COLAs based on staff research.

Mr. Neil Guglielmo
General Manager
Los Angeles City Employees' Retirement System
977 N. Broadway
Los Angeles, CA 90012-1728

Re: Los Angeles City Employees' Retirement System (LACERS) Cost-of-living bank as of July 1, 2025

Dear Neil:

We have prepared a schedule showing the accumulated banked benefits for the System's retirees and beneficiaries reflecting the cost-of-living adjustments as of July 1, 2025.

The annual average CPI increased from 321.583 in 2023 to 332.194 in 2024, an increase of 3.3% (rounded to the nearest one-tenth of one percent). This figure was determined by using the Consumer Price Index (CPI) for all Urban Consumers in the Los Angeles-Long Beach-Anaheim Area, as published by the Bureau of Labor Statistics.

Note that participants with membership dates on and after February 21, 2016 were placed in Tier 3, unless the participant qualified for Tier 1 membership. Participants in Tier 3 are entitled to a maximum of 2% COLA provision after retirement (instead of a maximum of 3% COLA provision for Tier 1 and Tier 1 Enhanced¹). In addition, excess COLA will not be banked under the Tier 3 provision and all Tier 3 retirees and beneficiaries will receive the same COLA regardless of retirement date.

The schedule in Exhibit 1 contains four columns for Tier 1 and Tier 1 Enhanced participants:

- Column 1 Accumulated Banked Benefits as of July 1, 2024. This data was obtained from a similar schedule we prepared last year.
- Column 2 Actual average CPI increase of 3.3%.
- Column 3 Cost-of-living increase granted as of July 1, 2025, for a full year of retirement.
- Column 4 Accumulated Banked Benefits as of July 1, 2025.
(Column (1) + Column (2) - Column (3), but limited to no less than 0%)²

¹ Tier 1 Enhanced is for all Tier 1 Airport Peace Officers (including certain fire fighters) appointed to their positions before January 7, 2018 who elected to remain at LACERS after January 6, 2018, and who paid their mandatory additional contribution of \$5,700 to LACERS before January 8, 2019, or prior to their retirement date, whichever was earlier.

² Note that for initial retirement dates of 07/01/2024 to 06/30/2025, the July 1, 2025 Accumulated Banked Benefits in Column (4) of Exhibit 1 is instead shown as 0.000%. Not establishing a July 1, 2025 COLA bank for this range of initial retirement dates is consistent with our understanding of the Administrative Code that requires retirement for the entire fiscal year for an initial COLA bank to be established.

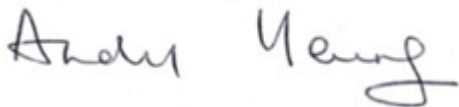

As shown in Exhibit 1, the cost-of-living increase as of July 1, 2025 for Tier 1 and Tier 1 Enhanced participants with an initial retirement date on or before June 30, 2024 is the full 3.0% maximum increase permitted by the Administrative Code. The difference between 3.3% and 3.0%, or 0.3%, will increase the accumulated bank for each of these participants for future COLA increases.

For Tier 1 and Tier 1 Enhanced participants with an initial retirement date between July 1, 2024 and June 30, 2025, the full cost-of-living increase as of July 1, 2025 will be 3.0% but COLA benefits for partial year retirements will be pro-rated. The accumulated bank for these participants will be 0% as of July 1, 2025.¹

For Tier 3 participants, the cost-of-living increase as of July 1, 2025 will be 2.0% regardless of retirement date as shown in Exhibit 2.²

Please give us a call if you have any questions.

Sincerely,

Andy Yeung, ASA, MAAA, FCA, EA
Vice President and Actuary

³ Only those retirees (or continuing survivors) whose benefits commenced on July 1 and continued through June 30 receive a COLA bank in years of excess CPI. For initial retirement dates starting July 1, 2018 and later, the COLA bank for a July 1 retiree (or continuing survivor) is shown on the row above that retiree's (or continuing survivor's) retirement date. For example, the July 1, 2024 COLA bank for a July 1, 2018 retiree (or continuing survivor) is 5.700% (i.e., from the 07/02/1980 to 06/30/2018 row) and such retiree (or continuing survivor) would receive a July 1, 2025 COLA of 3.000%. The July 1, 2025 COLA bank for such retiree (or continuing survivor) would be increased to 6.000%.

**DISCRETIONARY COST-OF-LIVING ADJUSTMENT FOR RETIRED LACERS
MEMBERS AND THEIR BENEFICIARIES**

Honorable City Council Members:

The LACERS Board of Administration (Board) adopted the attached report recommending that the City Council (Council) grant a discretionary cost-of-living-adjustment (COLA) increase to eligible retired LACERS' Members. On April 14, 2023 and on May 15, 2024, the Board sent forth similar requests to Council¹; however, no action has been taken and now updated figures are being presented for 2025.

Although it is the City Administrative Officer's duty to prepare appropriate reports and recommendations for Council to make findings as to the adequacy of annual COLAs,² the Board respectfully requests that Council grant a discretionary COLA to address the 7.4%, 3.5%, and 3.3% increases in the Annual Consumer Price Index (CPI) for 2022, 2023, and 2024 which exceed the Tier 1 COLA limit of 3%.³ This increase could affect more than 22,700 LACERS Members that have retirement dates on or before June 30, 2024.⁴

Council has granted discretionary COLAs to LACERS Participants in the past.⁵ In 2002, Council granted a discretionary COLA for Participants with a retirement date before June 30, 1984.⁶ The purpose of this one-time COLA was to reduce all excess COLA banks to no more than 25.3%.⁷ Any banked amount that exceeded 25.3% was paid to Participants. Since then, Council has not granted any discretionary COLAs.

To help retired LACERS Members cope with the past four years of high inflation, the Board recommends that Council grant a 2.6% discretionary COLA which is half of the difference between the CPI and awarded COLAs for the last three fiscal years.

Sincerely,

ANNIE CHAO, President

REPORT TO BOARD OF ADMINISTRATION
From: Todd Bouey, Acting General Manager

MEETING: FEBRUARY 25, 2025
ITEM: VII – B

SUBJECT: CONTRACT WITH AKSIA LLC, REPLACEMENT OF KEY PERSON AND POSSIBLE BOARD ACTION

ACTION: CLOSED: CONSENT: RECEIVE & FILE:

Recommendation

That the Board:

1. Approve Trevor Jackson to be named a Key Person with LACERS' Private Equity Consultant, Aksia LLC.
2. Authorize the Acting General Manager or his designee to approve and execute necessary documents, subject to satisfactory business and legal terms.

Discussion

Staff informed the Board at the meeting of January 14, 2025, that Jeff Goldberger, a Key Person since the inception of the consultant relationship, departed from Aksia LLC (Aksia) at the end of 2024. Aksia has served as LACERS' Private Equity Consultant since July 25, 2018. The contract between LACERS and Aksia contains a Key Persons provision under Section 2 of the contract. Within this provision, it currently names four Key Persons: Thomas Martin, Trevor Jackson, Jeff Goldberger, and Heidi Poon. On June 27, 2023, when Aksia was approved for a contract renewal, the Key Persons provision under Section 2 of the contract was amended to include Trevor Jackson. However, the contract provides that any replacement of a Key Person shall be conducted according to a specific Key Person replacement process. As such, the Board was also informed that staff would conduct a Key Person evaluation process that would consist of interviewing at least three seasoned Aksia staff consultants appropriate to fill the role of Key Person. Upon conclusion of that process, staff would return to a future Board meeting with their recommendations.

Staff recently completed the evaluation process of the three proposed Aksia staff consultants. Based upon its findings that included a review of consultant experience, academic and professional credentials, and fit with LACERS' specific functional needs as well as complementary fit with Thomas Martin and Heidi Poon, staff recommends Trevor Jackson as a Key Person to the Aksia contract. Staff is prepared to discuss with the Board the factors that it considered in recommending Trevor Jackson,

who will also be present at the Board meeting to highlight his qualifications and respond to questions from the Board.

ITEM: VII – C

SUBJECT: CONTRACT WITH NEPC, LLC, REPLACEMENT OF KEY PERSON AND POSSIBLE BOARD ACTION

ACTION: CLOSED: CONSENT: RECEIVE & FILE:

Recommendation

That the Board:

1. Approve DeAnna Ingram Jones as a replacement to the named Key Persons with LACERS' General Fund Consultant, NEPC, LLC.
2. Authorize the Acting General Manager or his designee to approve and execute necessary documents, subject to satisfactory business and legal terms.

Discussion

NEPC, LLC (NEPC) has served as LACERS' General Fund Consultant since July 1, 2017. The contract between LACERS and NEPC contains a Key Persons provision under Section 2 of the contract. Within this provision, it currently names three Key Persons: Kevin Novak, Rose Dean, and Christian McCormick. Further, the contract provides that any replacement of a Key Person shall be conducted according to a specific Key Person replacement process.

At the Board meeting of November 12, 2024, Christian McCormick was approved as a replacement to the named Key Persons assigned to LACERS' relationship. Staff had brought forward the recommendation to add Christian McCormick due to the retirement of Carolyn Smith, the previously named lead consultant. In December 2024, staff was informed by NEPC that Christian McCormick was leaving the organization. Subsequently, the Board was informed on January 14, 2025, of Christian McCormick's departure from NEPC and that staff would seek to find a replacement Key Person pursuant to said contract provision. Staff proposed a replacement Key Person evaluation process that would consist of staff interviewing at least three seasoned NEPC staff consultants. Upon conclusion of the process, staff would return to a future Board meeting with their recommendations.

Staff recently completed the evaluation process of three proposed NEPC staff consultants. Based upon its findings that included a review of consultant experience, academic and professional credentials, and

fit with LACERS' specific functional needs as well as complementary fit with Kevin Novak and Rose Dean, staff recommends DeAnna Ingram Jones as a Key Person to the NEPC contract. Staff is prepared to discuss with the Board the factors that it considered in recommending DeAnna Ingram Jones, who will also be present to highlight her qualifications and respond to questions from the Board.

Attachment: 1. Biography of DeAnna Ingram Jones

DEANNA INGRAM JONES, SENIOR CONSULTANT

DeAnna Ingram Jones is a Senior Consultant with NEPC and has almost 20 years of experience in the financial services industry. In her current role, DeAnna works closely with NEPC's Public Fund and Endowment & Foundations clients. Her expertise spans a broad spectrum of investment areas including manager research, asset allocation and managing complex technical projects, enabling her to provide comprehensive portfolio management services tailored to her clients' needs.

Prior to joining NEPC in 2015 as a Senior Analyst, DeAnna was the Vice President of Community Investments for BMO Harris Bank, where she managed the bank's Community Reinvestment Act (CRA) portfolio, which primarily consisted of CDFI, private real estate and private market investments. She was an analyst with Chicago Teachers' Pension Fund.

Deeply committed to fostering equity and inclusion within the financial services industry, DeAnna has spoken on several panels discussing ways to increase diversity within financial services. She also serves as Co-Chair of NEPC's Diverse Manager Committee (DMC), which aims to identify highly qualified diverse investment firms that meet the unique goals, risk parameters, and financial objectives of NEPC's clients. She is also a member of NEPC's Asset Allocation Committees.

DeAnna serves as the Chair of the Board and Investment Committee Chair for T.A.S.C, Inc and is the President of the Chicago Chapter of the National Association of Securities Professionals ("NASP"). She also serves on the board of Lawrence Hall, national board for NASP and a member of the Consultant Roundtable for the Investment Diversity Advisory Council ("IDAC"). For her philanthropic endeavors, DeAnna was named as one of Crain's Chicago Business's Notable Nonprofit Board Leaders for 2024.

REPORT TO BOARD OF ADMINISTRATION
From: **Todd Bouey, Acting General Manager**

MEETING: FEBRUARY 25, 2025
ITEM: VII – D

SUBJECT: PRESENTATION BY NEPC, LLC, REGARDING RISK BUDGETING AND ASSET CLASS REVIEWS AND POSSIBLE BOARD ACTION

ACTION: CLOSED: CONSENT: RECEIVE & FILE:

Recommendation

That the Board consider the Asset Class Risk Budget Review as presented by NEPC, LLC, engage in appropriate discussion and deliberation, and approve the following: 1) new asset class risk budgets; 2) new manager structures and allocations; 3) update of benchmarks to reflect asset allocation changes.

Discussion

On February 13, 2024, the Board heard a presentation from Carolyn Smith and Kevin Novak of NEPC, LLC (NEPC), LACERS' General Consultant, regarding information contained in an Asset Allocation presentation, which was developed by NEPC with input from staff. This presentation provided an overview of the asset liability framework, key market themes, and the current macroeconomic backdrop.

On March 12, 2024, the Board continued their discussion with staff and NEPC to consider current capital market assumptions, comparison of specific asset allocation mixes in light of plan liabilities, and asset class characteristics and behaviors. Additionally, on April 9, 2024, and May 14, 2024, the Board received presentations from NEPC on infrastructure investments in terms of their risk and return profile, diversification benefits, and implementation considerations. Infrastructure is being considered by the Board for possible inclusion in the Asset Allocation Policy.

On August 27, 2024, NEPC presented funded ratio, cash flows, and contribution projections using deterministic and stochastic models as well as several asset allocation mixes for consideration.

On September 24, 2024, NEPC received feedback from the Board in regards to creating a blended mix of asset classes, which involved changes to public equities, credit opportunities, fixed income, and real assets. The Board requested that NEPC return with additional asset mixes to review.

On December 10, 2024, the Board approved the Blended Mix that provided enhancements to the expected return, risk, and Sharpe Ratio compared to the current policy.

Staff and NEPC are seeking the Board's approval for the following: 1) new asset class risk budgets; 2) new manager structures and allocations; 3) update of benchmarks to reflect asset allocation changes. Subsequently, staff will review and update the investment policy to accommodate the asset allocation changes and seek the Board's approval of manager RFP searches at a future meeting.

SUMMARY AND RECOMMENDATIONS

ASSET ALLOCATION TIMELINE

Work Plan Detailed Timeline

- Q1 2025: Risk Budgeting
- Q2 – Q3 2025: Update Investment Policy
- Q2 – Q4 2025: Conduct Searches

ACTIVE RISK BUDGETING PROCESS

- **Evaluate newly approved asset class betas versus current structure and evaluate new active risk profiles, manager allocations and benchmarks**
- **“Down-stream” from the strategic asset allocation process, the active risk budgeting framework is one tool used to understand current asset class structure against current asset class benchmarks**
- **Evaluating active risk efficiency:**
 - Use NEPC 10-year forward-looking excess return expectations for betas and active investment manager excess return
 - Use alpha correlations of portfolios to understand active risk diversification benefits
 - Efficient frontier of portfolio mixes are based on optimal information ratios at a given level of active risk

Note: The active risk budgeting process takes into account forward looking expectations based wholly or in part on historical outcomes and should only be used as a broad guardrail for setting investment program structures

SUMMARY AND RECOMMENDATIONS

- **Seeking Board approval for:**
 - New risk budget
 - Manager structure and allocations
 - New benchmarks to reflect asset allocation changes

- **Risk budget changes due to new asset allocation, reconfiguration at asset class level and recognition of market volatility**

Asset Class	Current Risk Budget	Proposed Risk Budget	Difference	Comments
Domestic Equities	1.25%	1.25%	0.0%	
Non-US Equities	1.75%	1.25%	-0.5%	Simplify structure and increase use of passive investment strategies.
Core Fixed Income	1.75%	0.75%	-1.0%	Proposed risk budget influenced by actual experience of current managers.
Credit Opportunities	3.50%	1.50%	-2.0%	Prior risk budget was artificially increased to account for private credit allocation.
Real Assets	1.25%	1.50%	+0.25%	Addition of Public Infrastructure.

CREDIT OPPORTUNITIES BENCHMARK

- **As a result of the newly approved strategic asset allocation policy, the high yield portion of the Credit Opportunities asset class was increased**

- **The current Credit Opportunities benchmark includes Private Credit**
 - Recommendation: remove Private Credit from the Credit Opportunities benchmark
 - Private Credit allocation is expanding beyond senior secured lending and deserves a separate distinction within LACERS private markets allocation

PUBLIC EQUITY VIEW

2025 MARKETABLE EQUITY THEMES

NAVIGATING A NARROW U.S. MARKET

- Index concentration remains a risk and may continue to be for some time
- Preferred implementation (U.S. Large Cap): passive implementation and/or a quantitative manager and/or extension strategies

U.S. SMALL CAPS REMAIN ALPHA RICH

- ~35% of the Russell 2000 is unprofitable companies which amplifies the dispersion of outcomes within the assets class providing a strong opportunity set for active management
- Preferred implementation: active approach with a quality focus to hedge against the downside risk in the asset class

GLOBAL EQUITY

- The persistently high dispersion of returns across countries globally as well as geopolitical environment further support the case for active management within global equity markets
- Preferred implementation: A flexible equity approach complimented by alpha rich allocations

A PLAYBOOK FOR EMERGING MARKETS

- While risks persist in the emerging markets, it remains too large for investors to ignore
- Preferred implementation: active approach within emerging markets; Investors should also consider complementing with emerging markets small cap

REPORT TO BOARD OF ADMINISTRATION
From: Todd Bouey, Acting General Manager

MEETING: FEBRUARY 25, 2025
ITEM: VII – E

SUBJECT: NOTIFICATION OF COMMITMENT OF UP TO \$50 MILLION IN TPG RISE CLIMATE II, L.P.

ACTION: CLOSED: CONSENT: RECEIVE & FILE:

Recommendation

That the Board receive and file this notice of the commitment of up to \$50 million in TPG Rise Climate II, L.P.

Executive Summary

TPG Rise Climate II, L.P. will focus on growth equity investments in climate-related companies with an emphasis on energy transition, sustainable materials, and carbon solutions.

Discussion

Consultant Recommendation

Aksia LLC (Aksia), LACERS' Private Equity Consultant, recommended a commitment of up to \$50 million in TPG Rise Climate II, L.P. (the Fund), a growth equity strategy managed by TPG (TPG or the GP). Fund management and incentive fees are comparable to similar strategies; the GP will invest alongside limited partners, providing alignment of interest. This recommendation is consistent with the Private Equity Program 2025 Strategic Plan adopted by the Board on January 14, 2025.

Background

TPG is a global alternative asset firm founded in 1992 with over \$246 billion of assets under management. TPG has investment platforms across a wide range of asset classes and strategies, including private equity, growth equity, impact investing, real estate, credit, and market solutions. TPG has approximately 1,800 employees and 300 active portfolio companies headquartered across 30 countries. TPG Founding Partner and Executive Chairman Jim Coulter is Managing Partner of TPG Rise Climate and former U.S. Treasury Secretary Hank Paulson serves as TPG Rise Climate's Executive Chairman.

TPG is an existing general partner relationship for LACERS. LACERS previously committed to seven private equity funds and one real estate fund managed by the GP.

Fund	Vintage Year	Commitment Amount	Net IRR^{1,2}
TPG Partners III, L.P.	1999	\$25 million	24.4%
TPG Partners IV, L.P.	2003	\$25 million	15.2%
TPG Partners V, L.P.	2006	\$30 million	4.8%
TPG Partners VI, L.P.	2008	\$22.5 million	9.4%
TPG STAR, L.P.	2006	\$20 million	6.0%
TPG Growth II, L.P.	2011	\$30 million	16.9%
TPG Rise Climate, L.P.	2021	\$50 million	19.8%

Investment Thesis

TPG Rise Climate will be managed under the Firm’s Rise program, which was launched in 2016 as an extension of the TPG Growth platform to focus on growth equity investments in companies with a social impact. The Fund will take a broad sector approach, ranging from growth equity to value-added infrastructure, and will focus on energy transition and green mobility, sustainable fuels and sustainable materials, and carbon solutions.

Placement Agent

The GP did not use a placement agent in connection with LACERS’ investment.

Staff Recommendation

Staff concurs with Aksia’s recommendation. The commitment has been consummated pursuant to the Discretion in a Box (Roles and Responsibilities) section of the Private Equity Investment Policy; no Board action is required.

- Sector-focused teams to drive industry knowledge, development of themes and investment theses, and deepen network for unique deal flow.
- The Firm will maintain the flexibility to pursue growth equity, growth buyouts, and structured equity transactions on an opportunistic basis (approximately 15.0% of the Fund), across both developed and developing markets.

TPG Rise Climate II, L.P.

Firm and Background

- TPG (the "Firm", the "GP") was originally founded as Texas Pacific Group in 1992 by David Bonderman, James Coulter, and William Price.
- The Firm has developed six investment platforms — Capital, Growth, Impact, Angelo Gordon, Real Estate and Market Solutions. Each platform comprises a range of complementary products that invest across TPG's target sectors.
- On January 18, 2022, TPG Inc. completed an initial public offering.

Investment Strategy

- The Firm's Rise program was launched in 2016 as an extension of the TPG Growth platform to focus on growth equity investments in companies with positive social impact via a sector-agnostic approach.
- TPG Rise Climate II will build on the thematic focus areas in the climate solutions sector, defined as investments where a substantial majority of revenues come from low-carbon business lines.
- The Fund pursues opportunities in five climate sub-sectors: energy transition, green mobility, sustainable fuels, sustainable materials & products and carbon solutions.
- The Fund is expected to be diversified across deal type, sector, and geography with a core focus on developed markets (specifically North America and Europe) and a decreased focus (approximately 10% of invested capital) to the Global South.
 - TPG Rise Climate's Global South Initiative will deploy capital to companies headquartered in non-OECD regions, including India, Southeast Asia, the Middle East, and Africa.

REPORT TO BOARD OF ADMINISTRATION
From: Todd Bouey, Acting General Manager

MEETING: FEBRUARY 25, 2025
ITEM: VII – F

SUBJECT: NOTIFICATION OF COMMITMENT OF UP TO \$25 MILLION IN BIOSPRING PARTNERS FUND II, L.P.

ACTION: CLOSED: CONSENT: RECEIVE & FILE:

Recommendation

That the Board receive and file this notice of the commitment of up to \$25 million in Biospring Partners Fund II, L.P.

Executive Summary

Biospring Partners Fund II, L.P. focuses on growth-stage investments in life sciences technology companies.

Discussion

Consultant Recommendation

Aksia LLC (Aksia), LACERS' Private Equity Consultant, recommended a commitment of up to \$25 million in Biospring Partners Fund II, L.P. (the Fund), a growth equity strategy managed by Biospring Partners (the GP or Biospring). Fund management and incentive fees are comparable to similar strategies; the GP will invest alongside limited partners, providing alignment of interests. This recommendation is consistent with the Private Equity Program 2025 Strategic Plan adopted by the Board on January 14, 2025.

Background

Biospring was founded in 2020 by Michelle Detwiler and Jennifer Lum. Michelle Detwiler was previously a Managing Director at General Atlantic and co-founder of Longwood Fund, leading multiple investments in life sciences platforms, in addition to earning both an M.D. and PhD. Jennifer Lum has operating experience in technology companies, having been a founder or early member of multiple companies that have successfully raised venture capital. The GP has ten investment professionals and is headquartered in New York City.

Biospring is an existing general partner relationship with LACERS and meets the criteria as an Emerging Investment Manager pursuant to the LACERS Emerging Investment Manager Policy. LACERS previously committed \$20 million to Biospring Partners Fund, L.P. (2020 vintage), which has earned a net internal rate of return (IRR) of 13.4%^{1, 2}.

Investment Thesis

Biospring targets growth-stage life sciences technology companies that have validated product-market fit demonstrated by growing revenue. Biospring seeks to identify businesses with high barriers to entry (including intellectual property rights), proven management teams, and a well-defined business plan. Target companies offer services, tools, and software to businesses in the pharmaceutical, biotechnology, and academia sectors. Exit strategies include initial public offerings and sales to financial institutions or strategic partners, such as other private equity firms or large enterprise firms.

Placement Agent

The GP did not use a placement agent in connection with LACERS' investment.

Staff Recommendation

Staff concurred with Aksia's recommendation. The commitment has been consummated pursuant to the Discretion in a Box (Roles and Responsibilities) section of the Private Equity Investment Policy; no Board action is required.

Target Fund Size	• \$350.0 million
LACERS Commitment	• \$25.0 million

Investment Highlights

- The Firm holds a unique position in the market, operating as a specialist life science investment firm.
- Biospring’s sector focus allows the Firm to develop long-term investment themes which inform sourcing efforts and investment activity. Biospring will target companies across the Firm’s sub-sectors of focus: pharma services, tools, and software.
 - The Fund intends to focus on pharma services companies while limiting exposure to software investments (<15% of invested capital).

Biospring Partners Fund II, L.P.

Firm and Background

- Biospring Partners is a New York based growth equity firm established in 2020 by Michelle Detwiler and Jennifer Lum to invest in companies at the intersection of life science and technology.
- The co-founders have complementary backgrounds, with Detwiler having an M.D./PhD as well as prior life science investment experience and Lum having prior experience as an entrepreneur and operator. Given Biospring's focus on pharma services, Aksia expects Detwiler to be the main driver of performance for Fund II.

Investment Strategy

- Biospring Partners Fund II will pursue a similar investment strategy as its predecessor fund, investing in growth-stage B2B companies at the intersection of life science and technology primarily located in the United States.
- The Firm will not invest in companies whose business model depends on a particular therapeutic modality.
- Biospring will target companies across pharma services, tools, and software sub-sectors.
 - Pharma services and tools investments must have positive EBITDA margins at investment.
 - Investments in tools will likely have \$10-20 million in revenue.
 - Software businesses must have greater than \$10 million in annually recurring revenue but will not necessarily be profitable. The Firm will not invest more than 15% of the Fund in software businesses (up to two deals).

REPORT TO BOARD OF ADMINISTRATION
From: Todd Bouey, Acting General Manager

MEETING: FEBRUARY 25, 2025
ITEM: VII – G

SUBJECT: NOTIFICATION OF COMMITMENT OF UP TO \$25 MILLION IN CENTANA GROWTH PARTNERS III, L.P.

ACTION: CLOSED: CONSENT: RECEIVE & FILE:

Recommendation

That the Board receive and file this notice of the commitment of up to \$25 million in Centana Growth Partners III, L.P.

Executive Summary

Centana Growth Partners III, L.P. will focus on North American growth equity companies in the financial services, fintech, and enterprise technology industries.

Discussion

Consultant Recommendation

Aksia LLC (Aksia), LACERS' Private Equity Consultant, recommended a commitment of up to \$25 million in Centana Growth Partners III, L.P. (the Fund), a growth equity strategy managed by Centana Management LLC (Centana or the GP). Fund management and incentive fees are comparable to similar strategies; the GP will invest alongside limited partners, providing alignment of interests. This recommendation is consistent with the Private Equity Program 2025 Strategic Plan adopted by the Board on January 14, 2025.

Background

Centana was founded in 2015 by Eric Byunn, Ben Cukier, and Steven Swain. Prior to founding Centana, Eric and Ben worked together as Partners at FTV Capital and pursued a similar growth equity strategy. Steven joined the pair as COO, with over 25 years of experience building and advising financial services companies. The GP has offices in Palo Alto, New York City, and San Francisco.

Centana is a new general partner relationship for LACERS and meets the criteria as an Emerging Investment Manager pursuant to the LACERS Emerging Investment Manager Policy.

Investment Thesis

The Fund's strategy will be to target growth-stage companies in the financial services ecosystem across financial services, fintech, and enterprise technology used in financial services. The Fund will target

B2B companies that are growing greater than 50% year-over-year with revenues ranging from \$10 to \$15 million. The Fund will primarily pursue minority deals but will remain active by investing as the lead or co-lead investor and taking board seats in all investments. The Fund is expected to make between 20-25 investments throughout the life of the Fund. Historically, Centana has invested approximately 80% of capital in the U.S. and the remainder in Canada.

Placement Agent

The GP did not use a placement agent in connection with LACERS' investment.

Staff Recommendation

Staff concurred with Aksia's recommendation. The commitment has been consummated pursuant to the Discretion in a Box (Roles and Responsibilities) section of the Private Equity Investment Policy; no Board action is required.

Investment Highlights

- The Firm holds a unique position as one of a few institutional grade managers specializing in lower mid market growth-stage investments in the financial services ecosystem.
- Centana aims to have a consistent deployment pace with each Partner completing five to six deals per year.
- Centana effectively leverages the team’s expertise to develop robust investment theses and source quality companies.

Centana Growth Partners Fund III, L.P.

Firm and Background

- Centana Growth Partners was established in 2015 by Eric Byunn, Ben Cukier, and Steven Swain to invest in growth equity companies in the financial services ecosystem.
- Prior to founding Centana, Byunn and Cukier pursued a similar strategy at FTV Capital (“FTV”) until FTV began to pursue larger transactions, leading the pair to break off in order to remain at the lower end of the market.
- Swain is an experienced operator who has over 25 years building and advising financial services companies and is focused on managing the Firm’s operations as COO.

Investment Strategy

- The Fund will continue the strategy of its predecessor funds, targeting growth-stage companies in the financial services eco-system across financial services, fintech, and enterprise technology used in financial services.
- The Fund will typically target B2B companies growing >50% YoY with \$10-15 million in revenue.
- Though Centana will primarily pursue minority deals, the Firm remains actively engaged, investing as the lead or co-lead investor and taking a board position in all investments.
- Centana has historically invested ~80% of capital in the U.S. with the remaining capital deployed in Canada; the Firm does not actively target Canadian investments but has developed a network through prior transactions.

ITEM: VII – H

SUBJECT: NOTIFICATION OF COMMITMENT OF UP TO €46.17 MILLION (APPROXIMATELY \$50 MILLION) IN H.I.G. EUROPE MIDDLE MARKET LBO FUND II (CAYMAN), L.P.

ACTION: CLOSED: CONSENT: RECEIVE & FILE:

Recommendation

That the Board receive and file this notice of the commitment of up to €46.17 million (approximately \$50 million) in H.I.G. Europe Middle Market LBO Fund II (Cayman), L.P.

Executive Summary

H.I.G. Europe Middle Market LBO Fund II (Cayman), L.P. will seek to acquire controlling stakes in underperforming and undervalued middle-market companies across diverse sectors.

Discussion

Consultant Recommendation

Aksia LLC (Aksia), LACERS' Private Equity Consultant, recommended a commitment of up to \$50 million equating to a commitment of up to €46.17 million in H.I.G. Europe Middle Market LBO Fund II (Cayman), L.P. (the Fund), a European buyout strategy managed by H.I.G. Capital LLC (the GP or H.I.G.). Fund management and incentive fees are comparable to similar strategies; the GP will invest alongside limited partners, providing alignment of interests. This recommendation is consistent with the Private Equity Program 2025 Strategic Plan adopted by the Board on January 14, 2025.

Background

H.I.G. was founded in 1993 by Sami Mnaymneh and Tony Tamer to focus on middle market companies in need of operational and/or financial improvement. Prior to forming H.I.G., Mr. Mnaymneh worked for Morgan Stanley & Co. in mergers and acquisitions, and Mr. Tamer was a partner at Bain & Company, providing consulting services to clients related to cost reduction, productivity improvement, and acquisition and divestiture activities. The GP has 19 global offices and a team of over 500 investment professionals.

H.I.G. Capital is an existing general partner relationship with LACERS and previously committed €40.8 million to H.I.G. Europe Middle Market LBO Fund, L.P. (2020 vintage), which has earned a net internal rate of return (IRR) of 28.7%^{1,2}.

Investment Thesis

The Fund targets control investments in 15-25 stressed European middle-market companies, primarily headquartered in the U.K., Germany, and Italy. The fund focuses on sectors such as Business Services, Consumer & Retail, Healthcare, Industrials, Technology, Media, and Telecommunications. With a focus on operational improvements, the fund seeks companies with EBITDA between €35 million and €150 million, requiring equity investments between €100 million and €250 million. Transactions include founder or sponsor buyouts, take-privates, carve-outs, and recapitalizations.

Placement Agent

The GP did not use a placement agent in connection with LACERS' investment.

Staff Recommendation

Staff concurred with Aksia's recommendation. The commitment has been consummated pursuant to the Discretion in a Box (Roles and Responsibilities) section of the Private Equity Investment Policy; no Board action is required.

Investment Highlights

- H.I.G. as an established private equity firm with a strong reputation and performance in the middle market and lower middle market.
- The Firm focuses on executing complex transactions such as corporate carve-outs of non-core assets, failed sales processes, underperforming businesses, and publicly traded companies that face liquidity constraints or are undervalued. This niche specialization offers a competitive advantage in deal origination and management recruitment, enabling the Firm to create value and generate returns irrespective of the stage of economic cycle.

H.I.G. Europe Middle Market LBO Fund II (Cayman), L.P.

Firm and Background

- H.I.G. was founded in 1993 by Sami Mnaymneh and Tony Tamer to invest in lower middle market companies in need of operational and/or financial improvement.
- Prior to founding H.I.G., Mnaymneh was a Managing Director at The Blackstone Group and Tamer was a Partner at Bain & Company.
- H.I.G. raised its first fund in 1994 and has since developed around the success of its flagship lower middle market private equity funds by launching adjacent private equity strategies and expanding into additional geographies and asset classes including additional private equity, credit, and real assets platforms across the United States, Europe, and Latin America.

Investment Strategy

- The Fund will target control investments in undermanaged, underperforming middle market companies across sectors that include Business Services, Consumer & Retail, Healthcare, Industrials, and TMT.
- Transactions will consist of a wide variety of transactions including founder or sponsor buyouts, take-privates, carve-outs, and recapitalizations.
- The Firm will seek to create a portfolio of 15-25 European middle market companies (EBITDA between €35 million and €150 million) located in Western Europe.
 - Target businesses will primarily be headquartered in the U.K., Germany, and Italy.

ITEM: VII – I

SUBJECT: NOTIFICATION OF COMMITMENT OF UP TO \$20 MILLION IN PUTNAM HILL PRIVATE CREDIT FUND (LEVERAGED), L.P.

ACTION: CLOSED: CONSENT: RECEIVE & FILE:

Recommendation

That the Board receive and file this notice of the commitment of up to \$20 million in Putnam Hill Private Credit Fund (Leveraged), L.P.

Executive Summary

Putnam Hill Private Credit Fund (Leveraged), L.P. will focus on senior loans to sponsor-backed middle-market companies located in the United States.

Discussion

Consultant Recommendation

Aksia LLC, LACERS' Private Credit Consultant, recommended a commitment of up to \$20 million in Putnam Hill Private Credit Fund (Leveraged), L.P. (the Fund), a direct lending strategy managed by Putnam Hill Capital Partners LP (Putnam Hill or the GP). Fund management and incentive fees are comparable to similar strategies; the GP will invest alongside limited partners, providing alignment of interests. This recommendation is consistent with the Private Credit Program 2025 Strategic Plan adopted by the Board on January 28, 2025.

Background

Putnam Hill Capital Partners LP is a private credit manager founded in 2022 by Tim Coffey, Peter Dancy, David Mader, and David Frost. Prior to founding Putnam Hill, Coffey and Dancy worked together at the Bank of Ireland, where in 2005 they launched a direct lending strategy to U.S. sponsor-backed middle market businesses. They subsequently worked together at Annaly Middle Market Lending and in a joint venture with private equity firm Littlejohn Partners. The firm is based in Greenwich, CT.

Putnam Hill is a new general partner relationship for LACERS and meets the criteria as an Emerging Investment Manager pursuant to the LACERS Emerging Investment Manager Policy.

Investment Thesis

The Fund will primarily pursue direct lending investments in sponsor-backed middle market companies located in the United States. The loans will be senior secured debt including first lien, unitranche, and second lien. The strategy will focus on two themes: government spending and counter-cyclicality. As such, targeted companies are expected to include sectors such as aerospace and national security, healthcare, limited government contracting, security services, technology, specialty manufacturing, non-discretionary consumer products, and business services. The Fund typically makes loans to companies with \$10 million to \$100 million of EBITDA.

Placement Agent

The GP did not use a placement agent in connection with LACERS' investment.

Staff Recommendation

Staff concurred with Aksia's recommendation. The commitment has been consummated pursuant to the Discretion in a Box (Roles and Responsibilities) section of the Private Credit Investment Policy; no Board action is required.

Investment Highlights

- Experienced senior team that has worked together for over 15 years with a consistent track record of senior lending including limited losses.
- Relatively focused and thematic approach investing across 8 targeted sectors where the team has meaningful experience and relationships, including government facing sectors such as aerospace & national security, security services, and government contracting that other lenders with less expertise may avoid.
- No legacy portfolio which enables the team to focus solely on new deals. As part of the JV, Putnam Hill has access to the Littlejohn private equity and opportunistic credit teams in the event a position must be restructured.

Putnam Hill Private Credit Fund (Leveraged), L.P.

Firm and Background

- Putnam Hill was founded in 2022 by Tim Coffey, Peter Dancy, David Mader and David Frost. The Firm is currently fundraising for its inaugural fund as a new Firm, Putnam Hill Private Credit Fund.
- Although this is the first under the Putnam Hill brand, the Fund will be the Partner's third iteration of their longstanding strategy of lending to U.S. sponsor-backed middle-market businesses.
- Prior to founding Putnam Hill, the founding partners previously managed Annaly Middle Market Lending, whose track record spans from November 2010 through March 2022. AMML was a wholly owned subsidiary of Annaly Capital Management, Inc., a publicly listed mortgage REIT.
- Putnam Hill is jointly owned by Tim Coffey, Peter Dancy, David Frost, David Mader and senior principals of Littlejohn & Co.

Investment Strategy

- Putnam Hill's strategy is built around investing in counter-cyclical businesses and companies which are exposed to the government either as a direct buyer or via regulatory oversight.
- Sector focus includes Aerospace & National Security, Healthcare, Limited Government Contracting, Security Services, Specialty Manufacturing, Non-discretionary Consumer Products, Business Services, and Technology / Software / IT Services.
- The strategy primarily invests in senior loans to private equity sponsor-backed companies and is expected to have zero overlap with Littlejohn's equity platform.
- The typical borrower size is expected to be between \$10-100 million of EBITDA, primarily in North America.
- The Fund intends to build a portfolio of 25-30 primarily first lien positions with an average position size of roughly \$20 million.

REPORT TO BOARD OF ADMINISTRATION
From: Todd Bouey, Acting General Manager

MEETING: FEBRUARY 25, 2025
ITEM: VII – J

SUBJECT: NOTIFICATION OF COMMITMENT OF UP TO €27.5 MILLION (APPROXIMATELY \$30 MILLION) IN NORDIC CAPITAL EVO II BETA, SCSP

ACTION: CLOSED: CONSENT: RECEIVE & FILE:

Recommendation

That the Board receive and file this notice of the commitment of up to €27.5 million (approximately \$30 million) in Nordic Capital Evo II Beta, SCSp.

Executive Summary

Nordic Capital Evo II Beta, SCSp. will focus on middle market buyouts in Europe within the healthcare, financial services, payments technology, and industrial technology sectors.

Discussion

Consultant Recommendation

Aksia LLC (Aksia), LACERS' Private Equity Consultant, recommended a commitment of up to \$30 million equating to a commitment of up to €27.5 million in Nordic Capital Evo II Beta, SCSp (the Fund), a European middle market buyout strategy managed by Nordic Capital Limited (Nordic or the GP). Fund management and incentive fees are comparable to similar strategies; the GP will invest alongside limited partners, providing alignment of interests. This recommendation is consistent with the Private Equity Program 2025 Strategic Plan adopted by the Board on January 14, 2025.

Background

Nordic was founded in 1989 by Robert Andreen and Morgan Olsson to pursue buyout investments in Sweden. The firm is led by Managing Partner Kristoffer Melinder with the support of 18 other Partners. Nordic Capital has approximately 230 employees working from 10 offices located in Stockholm (headquarters), Copenhagen, Frankfurt, Helsinki, Jersey, London, Luxembourg, New York, Oslo, and Seoul. The firm has €31 billion in assets under management.

LACERS has an existing general partner relationship with Nordic Capital and previously committed to the following funds:

Fund	Vintage Year	Commitment ¹	Net IRR ^{2,3}
Nordic Capital V	2003	\$14 million	20.8%
Nordic Capital Fund XI	2022	\$47.7 million	n.m.*

*n.m. – not meaningful

Investment Thesis

The Fund will focus on the same sectors as the Flagship strategy, which includes healthcare, financial services, payments technology, and industrial technology. The Fund will pursue buyouts across Northern Europe, with the GP's long standing presence in the region serving as an advantage over other regional investors. Although the Fund will mainly focus on Northern Europe, 20% of commitments may be invested outside of Europe. The Fund will look for opportunities in operational improvements, strategic repositioning, and international expansion.

Placement Agent

The GP did not use a placement agent in connection with LACERS' investment.

Staff Recommendation

Staff concurred with Aksia's recommendation. The commitment has been consummated pursuant to the Discretion in a Box (Roles and Responsibilities) section of the Private Equity Investment Policy; no Board action is required.

Investment Highlights

- Nordic Capital has been active since 1990 and has built a strong reputation within the private equity industry, particularly within the Nordic region.
- Evolution is targeting the same sectors as the Flagship strategy – sectors in which the Firm has built up its knowledge, reputation and network.
- The Evolution platform benefits from the Firm’s long-standing presence in Northern Europe, an advantage over other regional investors without such deep resources.

Nordic Capital Evo II Beta, SCSp

Firm and Background

- Nordic Capital was established in 1989 by Co-Founders Robert Andreen and Morgan Olsson, as a joint venture between Svenska Handelsbanken and Skandia Life Insurance, to pursue buyout investments in Sweden.
- Over the years, Nordic Capital became an independent partnership, started raising capital from institutional investors outside of Sweden, and expanded into the Nordic region, the U.K., Germany, and the U.S.
- In November 2019, Ottawa Avenue Private Capital acquired a passive 15% minority equity stake in the Firm's management company and carried interest vehicles.
- The Evolution strategy was established in 2021, and the platform represents a continuation of the Firm's buyout strategy with a focus on growth buyouts of smaller companies.

Investment Strategy

- The Fund will pursue growth buyouts across Northern Europe, with equity investments in the range of €50 million and €200 million (€250 million including co-investment) into businesses with enterprise values of €100 million to €400-500 million.
- Target sectors are Healthcare, Technology & Payments, Financial Services, and Industrial Tech.
- The Firm will also participate in secondaries where the underlying company is strong and can be acquired at an attractive price.
- The Fund is expected to focus solely on Northern Europe, although up to 20% of commitments may be invested outside of Europe.

**SUBJECT: NOTIFICATION OF COMMITMENT OF UP TO \$70 MILLION IN 400 CAPITAL ASSET
BASED ONSHORE TERM FUND IV LP**

ACTION: CLOSED: CONSENT: RECEIVE & FILE:

Recommendation

That the Board receive and file this notice of the commitment of up to \$70 million in 400 Capital Asset Based Onshore Term Fund IV LP.

Executive Summary

400 Capital Asset Based Onshore Term Fund IV LP will focus on opportunistic structured credit across liquid and private markets for U.S. and European companies.

Discussion

Consultant Recommendation

Aksia LLC, LACERS' Private Credit Consultant, recommended a commitment of up to \$70 million in 400 Capital Asset Based Onshore Term Fund IV LP (the Fund), a structured credit strategy managed by 400 Capital Management LLC (400 Capital or the GP). Fund management and incentive fees are comparable to similar strategies; the GP will invest alongside limited partners, providing alignment of interests. This recommendation is consistent with the Private Credit Program 2025 Strategic Plan adopted by the Board on January 28, 2025.

Background

400 Capital is an investment management firm that focuses on structured credit. Chris Hentemann currently serves as the Managing Partner and Chief Investment Officer. Mr. Hentemann founded the firm in 2008 after previously serving as the Head of Global Structured Products at Banc of America Securities. As of January 1, 2025, the GP has 69 professionals stationed across offices in New York City and London, with approximately \$7.4 billion in assets under management.

400 Capital is a new general partner relationship for LACERS.

Investment Thesis

The 400 Capital Asset Based Onshore Term Fund IV is comprised of four strategic verticals: U.S. Bank and Government-Sponsored Enterprises Risk Transfer, Specialty Finance, European Bank Deleveraging, and Dislocated Markets. The geographic focus of the fund is primarily the U.S. and Europe, with Europe not expected to exceed 30% exposure at any time, though there is no limit to U.S. exposure. The strategy has four sectors of focus: Residential, Commercial, Specialty Finance, and European Markets. Seniority of the investments will tend to be senior and/or subordinated with structured transactions generally mezzanine or subordinated.

Placement Agent

The GP did not use a placement agent in connection with LACERS' investment.

Staff Recommendation

Staff concurred with Aksia's recommendation. The commitment has been consummated pursuant to the Discretion in a Box (Roles and Responsibilities) section of the Private Credit Investment Policy; no Board action is required.

Industries	• Consumer Asset Backed, Residential Real Estate, Commercial Real Estate, Commercial Asset Backed
Target Fund Size	• \$1.0 billion (\$1.2 billion hard cap)
LACERS Commitment	• \$70.0 million

Investment Highlights

- The Fund addresses a broad opportunity in structured credit across liquid markets and privately originated credit.
- 400 Capital Management features a large investment team with individuals offering sector-level expertise and strong diligence capabilities.
- The Fund has become increasingly diversified in its approach and deployment over time, though tactical tilts are expected to remain integral to the strategy. Stress in the commercial real estate market is expected to provide opportunities for fresh capital pools, and the manager’s experience in real estate credit is well-aligned for a multi-year opportunity set.

400 Capital Asset Based Onshore Term Fund IV LP

Firm and Background

- 400 Capital Management is a structured credit focused investment management firm founded by Chris Hentemann in 2008 after ending his 11-year tenure at Bank of America Securities, most recently as Head of Global Structured Products.
- The Firm initially launched its flagship hedge fund, the Credit Opportunities Fund, in 2009.
- The Asset Based Term Fund (“ABTF”) series was introduced in 2017 with an inaugural drawdown fund. ABTF has since evolved in size and scope and represents the primary vehicles for private credit investing at 400 Capital Management.

Investment Strategy

- Asset Based Term Fund IV invests in newly originated and secondary credit markets across three core strategies: Lending Solutions, Structured Credit, and Credit Opportunities.
 - Lending Solutions and Structured Credit focus on newly originated credit, with the former geared more heavily toward niche, private opportunities and the latter on transferring credit risk of newly originated or seasoned assets.
 - Credit Opportunities is a more flexible category that targets secondary market acquisitions of dislocated loans or securities.
- 400 Capital Management sources investments through a variety of channels, including joint venture partners for select end-markets.

From: Todd Bouey, Acting General Manager

MEETING: FEBRUARY 25, 2025
ITEM: VII – L

SUBJECT: NOTIFICATION OF COMMITMENT OF UP TO \$100 MILLION IN SILVER POINT SPECIALTY CREDIT FUND III, L.P.

ACTION: CLOSED: CONSENT: RECEIVE & FILE:

Recommendation

That the Board receive and file this notice of the commitment of up to \$100 million in Silver Point Specialty Credit Fund III LP.

Executive Summary

Silver Point Specialty Credit Fund III, L.P. will focus on special situations lending with companies primarily in North America.

Discussion

Consultant Recommendation

Aksia LLC (Aksia), LACERS' Private Credit Consultant, recommended a commitment of up to \$100 million in Silver Point Specialty Credit Fund III, L.P. (the Fund) managed by Silver Point Capital L.P. (Silver Point or the GP). Fund management and incentive fees are comparable to similar strategies; the GP will invest alongside limited partners, providing alignment of interests. This recommendation is consistent with the Private Credit Program 2025 Strategic Plan adopted by the Board on January 28, 2025.

Background

Silver Point was established in 2002 by Edward Mulé and Robert O'Shea to capitalize on credit and special situations investment opportunities. Prior to founding Silver Point, Mr. Mulé and O'Shea spearheaded the development and management of credit and distressed businesses within Goldman Sachs, including a special situations lending initiative. Today, they manage approximately \$16 billion in committed and invested capital across a diversified portfolio, encompassing a flagship hedge fund, a distressed closed-end fund, two specialty credit funds, and separately managed accounts.

Silver Point is a new general partner relationship for LACERS.

Investment Thesis

This Fund pursues a diversified special situations lending strategy focused on middle-market companies facing unique capital challenges. Investment areas include specialty lending in less competitive sectors, capital solutions for urgent financing needs, and opportunistic secondary purchases of undervalued loans. The fund primarily targets U.S.-based companies with some international exposure, focusing on first-lien senior secured debt through both primary originations and secondary market acquisitions. This approach allows for flexible capital deployment across a range of distressed and opportunistic situations, seeking to generate positive risk-adjusted returns.

Placement Agent

The GP did not use a placement agent in connection with LACERS' investment.

Staff Recommendation

Staff concurred with Aksia's recommendation. The commitment has been consummated pursuant to the Discretion in a Box (Roles and Responsibilities) section of the Private Credit Investment Policy; no Board action is required.

- Banks have experienced significant difficulty placing paper in the BSL market, which could open opportunities for Silver Point to step in and provide bilateral private solutions or originate transactions at flex pricing.
- Silver Point has a history of investing in special situations, stressed and distressed opportunities across several cycles and boasts impressive in-house restructuring expertise.

Silver Point Specialty Credit Fund III, L.P.

Firm and Background

- Silver Point is a distressed and specialty lending firm whose founders, Edward Mulé and Robert O’Shea, left Goldman Sachs to start their own hedge fund in 2003.
- The Firm manages capital across its credit platform, including a flagship hedge fund, a distressed closed-end fund, and its Specialty Credit fund series.

Investment Strategy

- Fund III will seek opportunities in special situation lending, targeting companies with complex capital structures, in out-of-favor industries, with non-traditional collateral, undergoing corporate changes, and/or requiring some type of bridge financing.
- The four target areas of focus include:
 - Specialty Lending (25-40%): Loans to middle market companies primarily focused on less competitive and more complex and/or non-sponsored deals.
 - Capital Solutions (30-40%): Loans to middle market companies that are more opportunistic in nature (inclusive of rescue financings), often requiring quicker execution and/or pre-existing relationships, that allow the GP to drive stronger credit protections and greater economic terms.
 - Asset-Based Lending (5-15%): Loans collateralized by hard assets, often real estate, typically requiring speed and certainty of execution. The GP will target bridge loan originations across different property types with significant equity/sponsor involvement.
 - Secondary Purchases (5-25%): Mispriced secondary opportunities, including performing secured bank loans purchased at a material discount to par and/or hung syndication deals for which the Fund may be able to increase pricing, tighten documentation, and take an outsized allocation. The Fund will target pull-to-par credits as opposed to those expected to enter a restructuring or bankruptcy process.
